

... friends of 10 ...

The aim is to get 4 counters in a row.

Place a playing card in below. Then work out how many more is needed to make 10. Place a counter on that number and start again with a new card. Play with a friend or by yourself.

5	4	6	9
1	8	6	5
3	9	7	4
2	1	2	7
8	7	5	3
