3 + 7 = 10	6 + 4 = 10	<input type="text"/> + <input type="text"/> = 10
<input type="text"/> + <input type="text"/> = 10	2 + 8 = 10	7 + 3 = 10
9 + <input type="text"/> = 10	<input type="text"/> + <input type="text"/> = 10	5 + 5 = 10

SMART BOARDING SCHOOL

Friends of 10 Tick Tack Toe

How to Play:

- **Objective:** The aim is to create number pairs that add up to 10 in three consecutive boxes (horizontally, vertically, or diagonally) to win the game.
- **Taking Turns:** Players take turns rolling a 10-sided die. On each turn, a player writes the number rolled in any empty box on the grid.
- **Number Bonds:** Players can place their number in any box, even if the box already contains a number. If the sum of the two numbers in the box equals 10, that box is considered filled with a bond to 10.
- **Miss a Turn:** If a player rolls a number that cannot form a number bond to 10 in any box, they must skip their turn.
- **Winning:** The first player to create a straight line of three boxes that each contain a number bond to 10 wins the game.
