

Find the Star

Print pages 2 – 5 on thick card and cut out each card.

- The game is played in a small group.
- Spread out the word cards so that all the cards can be seen and read by each of the students.
- One student (or the teacher) hides the star card behind one of the word cards.
- The students then go around the circle reading a card and then picking the card up to see if they have found the star.
- The player that finds the star is the winner.
